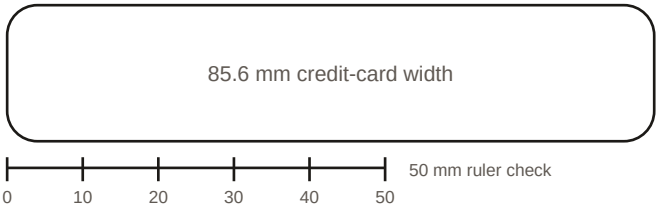
# Ringsizely printable ring sizer

US Letter - print at 100%

Do not use fit-to-page. Check the calibration box before measuring.

## 1. Calibration check

This box must be exactly 85.6 mm wide - the long side of a standard credit or ID card.

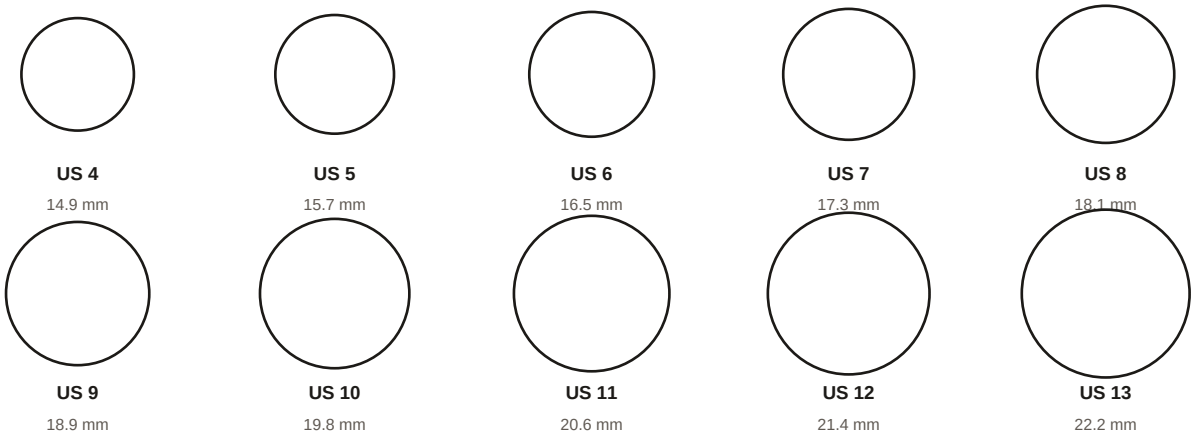


## 2. Finger strip method

Cut out the strip, wrap it snugly around the finger base, and read the US size at the overlap.

## 3. Match a ring you own

Place a ring over the circles until the inside edge matches one. Circles are true-scale inner diameters.



## 4. Conversion chart

Whole US sizes with UK, EU/ISO, Japan and millimetre measurements.
